Why Go on Exchange?
- Develop maturity and independence
- Provide opportunities for personal growth
- Extend emotional, physical and social horizons
- Experience new cultures and lifestyles

Where Can I Go?
Round Square is a world-wide association of more than 160 schools on five continents sharing unique and ambitious goals. Students attending Round Square schools make a strong commitment, beyond academic excellence, to personal development and responsibility. This is achieved by participating in community service, work projects, exchange programmes and adventuring, which can, and often does, take students half way around the world. For further information about the Round Square please visit the website where you will also find a concise list of member school and links to each school’s homepage: www.roundsquar.org

TAS Yr 10 students may apply to any of the overseas schools for up to a 3 month placement. Yr 8 students may opt for a 2-3 week exchange (in pairs if preferred) in the Australasian region.

Who Can Go?
- National Year 8
- International Year 10

Will I be boarding or home hosted?
Whether you will board or be home-hosted for the duration of the exchange is dependent upon your preference or on the host school’s availability of boarding spaces (if it is a boarding school). Home-stays are quite often the only option and can have many advantages and could include weekend family outings, more exposure to the lifestyle and family life.

International exchanges of one term require careful consideration. There will necessarily be some effect on your academic progress. You need to consider the seasons when selecting your host school (i.e. northern hemisphere in winter is cold but also is attractive to those who like snow sports.) In deciding what time of year to go on exchange, you need to consider what you will miss at TAS (sport or activities etc).

Academic Progress while on Exchange
Exchanges at other times in both years will see the students miss components of their course and of assessment. These, however, can be identified and arrangements made with the host school to assist. Technology now allows us the ability to negotiate a reasonable level of communication and exchange of school work during the exchange between TAS teacher and student.

The experience of international exchange will always have its own intrinsic academic merit. Each student that undertakes exchange must expect to work whilst on exchange and, more importantly, on return to TAS to ensure that important work missed is covered. Staff will assist the student both before and after the exchange but the student must show responsibility and be self-directed in his responsibilities.

How Much Does it Cost?
An estimate for a 3 month exchange overseas would be approximately $2,500 - $3,500 (including airfare, passport/visa costs, travel insurance, etc). A national exchange will include travelling expenses and incidental costs.

The student/family is responsible for return air fare, visa/passport costs, travel & health insurance and pocket money. Parents will continue to pay fees as normal to TAS. No school fees are payable to the host school.

A refundable bond of approx. SAUD800 would also be required to cover such extras as excursions, school materials etc.

National Exchange Programme
Students in Year 8 may choose to exchange to Round Square schools within the Australasian region. The duration is usually two weeks but due to the distance travelled to some of our regional schools, a 3 week experience can be arranged. These exchanges usually occur in pairs.

Selection Process
As an exchange student you are moving into a new environment and will be acting as an ambassador of TAS. You will need to be ready to absorb new experiences and to consider, challenge and widen your perspective. To do this you will need to participate fully in all aspects of life in your host school, academic, sporting, adventure and social.

Taking the First Step
- Talk to other students who have been on exchange and get to know the exchange students who come to TAS.
- Take an active interest in the pillars of Round Square within the School.
- Think about possible destinations. Information is available from the Round Square Coordinators or visit the Round Square room - visit the Round Square website and browse the various schools.
- Start saving

All applications to Round Square Schools should be initiated through the Round Square Coordinators at TAS – Mrs Barnier or Mr Buntine

Round Square Member Schools
Australasia & South East Asia Region (National Exchange)
- Ballarat Grammar School, VIC
- Billanook College, VIC
