Buffet Lunch Salad Selection

Served in conjunction with the hot lunch Monday to Friday

TAS is delighted to offer all students and staff a fine selection and variety of buffet salads, created using only the freshest ingredients available at any given time.

The buffet offering changes on a daily basis so as to maintain variety and interest.

The introduction of a sandwich bar allows students and staff to make and select their own fillings. The sandwich bar section has been well received by students, and again, the selection of fillings on offer changes regularly.

Students with particular dietary requirements are catered for and the Catering Department aims to ensure that any special needs are met.
