### Notes

1. Please refer to the subject handbook when choosing subjects. Students are advised to speak with their current teachers and advisor to ensure that they are choosing appropriate electives that complement what they have studied in so far and are not a repeat of what they have previously studied.
2. Students wanting to study French Continuers, Japanese Continuers or Music 2 in Year 11 and 12 should be studying a related subject each semester during years 9 and 10.

If you have further queries regarding electives, please speak to your child's advisor.
